**COSMO® film lamination technology**

With our state-of-the-art lamination technology and our long-term experience, we are offering a comprehensive service. Thanks to a special hot-melt adhesive system, a large variety of surfaces can be laminated on highly diverse carrier plates. Only DIN-certified films and carrier materials are processed. To ensure the best quality for you: durable, weather- and UV-resistant.

**Flexible**  
 through state-of-the-art lamination technology

**Best quality**  
 only DIN-certified films and carrier materials

**Optimum protection**  
 from weather and UV-radiation

**Specialized competency**  
 through technical experience and service
