

Manual pressure gun

Designation

COX™ UltraFlow™ Combi Sachet 600

Examples for Application

- Dosing of tubular bags up to maximum 600 ml

Operator Instructions

To ensure the free movement of the plunger rods, they must be greased regularly.

Please make sure that the plunger is tightly screwed to the plunger rod.

The dosing gun is not allowed to be integrated in plants.

Important instructions

Our user instructions, processing guidelines, product- and performance data, and other technical statements are only general directives; they describe only the condition of our products (values, determination of values on the date of completion) and the performances do not represent a warranty in the sense of § 443 BGB. **Because of the wide variety of applications of the individual product and the relevant special conditions (e. g. processing parameters, material characteristics, etc.), it is up to the user to test it itself;** our free expert advice for application provided in speech, writing, and as test is nonbinding.
